## Local Option Sales Tax

---

Dear Reader:

The following document was created from the CTAS electronic library known as e-Li. This online library is maintained daily by CTAS staff and seeks to represent the most current information regarding issues relative to Tennessee county government.

We hope this information will be useful to you; reference to it will assist you with many of the questions that will arise in your tenure with county government. However, the *Tennessee Code Annotated* and other relevant laws or regulations should always be consulted before any action is taken based upon the contents of this document.

Please feel free to contact us if you have questions or comments regarding this information or any other e-Li material.

Sincerely,

The University of Tennessee  
County Technical Assistance Service

## Local Option Sales Tax

**Reference Number:** CTAS-1618

*Authority.* T.C.A., Title 67, Chapter 6, Part 7.

*Description.* Any county, by resolution of its legislative body, or any city or town by ordinance of its governing body, may levy a sales tax on the same privileges subject to the state sales tax, with certain exceptions. T.C.A. § 67-6-702. Telecommunications services and certain energy related services are exempt from the local tax or limited in the rate chargeable. T.C.A. §§ 67-6-702 and 704. No local sales tax or increase in the local sales tax is effective until it is approved in a referendum in the county or city levying it. T.C.A. § 67-6-705.

If the county has levied the tax at the maximum rate, no city in the county may levy an additional local sales tax. If a county has a sales tax of less than the maximum, a city may levy an additional tax up to the difference between the county rate and the maximum. If a city passes an ordinance to increase its sales tax rate above the county rate, the city ordinance is suspended for 40 days during which time the county legislative body may pass a resolution to increase the county tax. If such a resolution is passed, the ordinance remains suspended until a countywide referendum is held. If the referendum is successful, the city ordinance is dead. However, if the referendum is not successful, the city may proceed with a city referendum on the matter. T.C.A. § 67-6-703. If the city referendum passes, the city receives all revenues generated by the increase above the county level; the first half is not earmarked for education. However, if the county, at a later date, raises its sales tax rate up to the level of the city rate, then the distribution formula outlined below would apply to the entire local option portion of the sales tax.

A resolution or ordinance levying the sales tax may be initiated by a petition of 10 percent of the registered voters of the taxing jurisdiction. T.C.A. § 67-6-707. The tax, once levied, is perpetual unless the resolution or ordinance establishes a specific termination date or unless the tax is repealed by a manner in which it could be adopted. T.C.A. §§ 67-6-708, 67-6-709. The same exemptions generally apply to the local option sales tax as apply to the state sales tax. The local sales tax cannot exceed 2.75 percent, and applies only up to the first \$1,600 on the sale or use of any single Article of personal property. The old law provided for a \$5 or \$7.50 single item limit on the sale or use of any single Article of personal property. These limits remain effective unless and until the county legislative body removes these old limits by a resolution, whereupon the local option tax will apply to the first \$1,600 on the sale or use of any single Article of personal property. T.C.A. § 67-6-702.

*Distribution.* Revenue from local option sales tax levied by counties is distributed as follows:

1. 50 percent specifically for education, to be distributed in the same manner as the county property tax for school purposes.
2. 50 percent distributed on the basis of where the sale occurred. Taxes collected inside a municipality are distributed to that municipality, and taxes collected in unincorporated areas are distributed to the county. Counties and cities may contract with each other for distribution of the half not allocated to school purposes. T.C.A. § 67-6-712.

In 1998, the General Assembly passed Public Chapter 1101 which was a major reform of the annexation and incorporation laws having a great impact upon the way the local option sales tax is distributed among cities and counties. T.C.A. § 6-51-115. It included a "hold harmless" provision to protect county revenue sources. When a city annexes territory or a new city incorporates, revenue amounts generated in that area by local option sales taxes, which had been received by the county prior to the annexation or incorporation, continue to go to the county for 15 years after the date of the annexation or incorporation. During that time, any increase in the situs-based portion of the revenues generated in the area would be distributed to the annexing or incorporating municipality. Note that this does not affect the distribution of the first half of the local option sales tax, which would continue to go to education funding. If commercial activity in the annexed area decreases due to business closures or relocations, a city may petition the Department of Revenue to adjust the payments it makes to the county.
