## Fire Department Records Retention Schedule

Reference Number: CTAS-2066

**Fire Department Records.** The records included in this schedule are only those specific to county fire departments and related offices. Records that may be kept in the same format by several county offices (such as employment records, purchasing records, etc.) will be found listed under topical retention schedules elsewhere in this manual. If you have records in your office that are not listed in this schedule by name, check the descriptions of the records to see if we may have called it by a different term. If you still cannot locate any entry relative to the record, contact us at the County Technical Assistance Service for guidance in determining the proper disposition of the record and so that we can make note of that record's existence to include it in future revisions of this manual.
